

A PEEK THROUGH YOUR WINDOW

An Arts for Learning Snack by Christina Delgado

Step 1

Make your viewfinder your own! Pop out the middle part and decorate the frame.

Step 2

*Explore your viewfinder.
Practice looking through it
horizontally and vertically...*

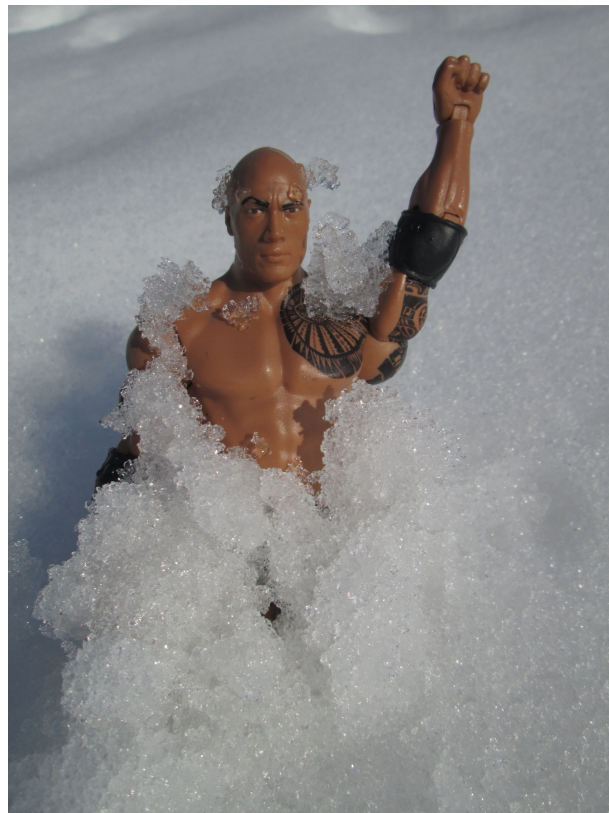

*From a bird's eye view
(looking down)...*

And from close up.

What techniques do these images use?

Step 3

*Decorate the postcard!
Use some or all of the stickers
to make your own art piece.*

*Write a letter on the back and
give or mail it to a loved one!*
